

Apex International Airport Initial Statement

Date: December 1st, 2025

Time: 8:45 a.m.

At approximately 8:30 a.m. this morning, an off-duty Apex International employee entered the main building through an employee entrance and took coworkers hostage in a break room. We believe the individual is armed, and he has barricaded himself inside the break room with hostages.

Law enforcement and AIA first responders arrived within minutes and are working to secure the area. The airport has been evacuated and is currently on lockdown. All flights have been temporarily grounded until further notice.

Our top priority is the safety of our employees, passengers, and community. We are fully cooperating with the authorities and will share verified updates as more information becomes available. Family members of airport employees can contact our emergency information line for updates.

Talking Points:

- An off-duty employee has taken several coworkers hostage; the situation is currently ongoing.
- Law enforcement and AIA first responders are on scene and working to ensure everyone's safety.
- The airport has been evacuated, is currently on lockdown, and all flights are temporarily grounded.
- We are cooperating with authorities and will provide verified updates as soon as they become available.
- Family members of airport employees can contact our emergency information line.
